#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

The Codex Alimentarius Commission (Codex) was established in 1962 by two United Nations organizations, the Food and Agriculture Organization and the World Health Organization. Codex is the major international organization for encouraging fair international trade in food and protecting the health and economic interests of consumers. Through adoption of food standards, codes of practice and other guidelines developed by its committees, and by promoting their adoption and implementation by governments, Codex seeks to ensure that the world's food supply is sound, wholesome, free from adulteration, and correctly labeled. The Codex Committee on Methods of Analysis and Sampling (CCMAS) performs multiple functions; defines criteria appropriate for Codex Methods of Analysis and Sampling; specifies reference methods of analysis and sampling; endorses methods of analysis and sampling proposed by Codex Committees; elaborates sampling plans; and considers specific sampling and analysis problems. The Government of Hungary hosts this committee and will chair the Committee meeting.

##### *Issues To Be Discussed at the Public Meeting*

The following specific issues will be discussed during the public meeting:

- Matters referred by the Codex Alimentarius Commission and other Codex Committees.
- Proposed Draft General Guidelines on Sampling.
- Proposed Draft Guidelines on Measurement Uncertainty.
- Proposed Draft Guidelines for Evaluating Acceptable Methods of Analysis.
- Proposed Draft Guidelines for Settling Disputes on Analytical (Test) Results.
- Criteria for Methods of Analysis for Foods Derived from Biotechnology.

- The Use of Analytical Results: Sampling, Relationship between the Analytical Results, the Measurement Uncertainty, Recovery Factors and the Provisions in Codex Standards.

- Endorsement of Methods of Analysis and Sampling, including General Methods Provisions in Codex Standards.

##### *Additional Public Notification*

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to better ensure that minorities, women, and persons with disabilities are aware of this notice, FSIS will announce it and make copies of this **Federal Register** publication available through the FSIS Constituent Update. FSIS provides a weekly Constituent Update, which is communicated via Listserv, a free e-mail subscription service. In addition, the update is available on-line through the FSIS web page located at <http://www.fsis.usda.gov>. The update is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, recalls, and any other types of information that could affect or would be of interest to our constituents/stakeholders. The constituent Listserv consists of industry, trade, and farm groups, consumer interest groups, allied health professionals, scientific professionals, and other individuals that have requested to be included. Through the Listserv and web page, FSIS is able to provide information to a much broader, more diverse audience.

For more information contact the Congressional and Public Affairs Office, at (202) 720-9113. To be added to the free e-mail subscription service (Listserv) go to the "Constituent Update" page on the FSIS Web site at <http://www.fsis.usda.gov/oa/update/update.htm>. Click on the "Subscribe to the Constituent Update Listserv" link, then fill out and submit the form.
